

## **Annual Report 2020-21**

**Corona** never stopped the faculties and students of KG international from any of the activities. The TEAM spirit pulled us together though; we were far- apart in different localities. Webinars supported us to perform our roles and responsibilities to the best of our knowledge.

We thank our management for providing Apple I-pad to enhance our technical knowledge and have a smooth Teaching – Learning experiences with the digital natives.

As soon as the lock down announced, we took a strong decision, conducted an awareness programme for 10 & 12 graders and their parents through online about the online classes. We introduced Microsoft TEAM, proficient the facilitators and started the classes for grade 10&12 from April 6<sup>th</sup> 2020 onwards.

The remaining facilitators were positioned into different batches, organized webinars and started the regular online schooling from 10<sup>th</sup> of June2020 for the entire school.

The school has conducted the regular assessments guided by CBSE and the students participated in all the competition organized by the CBSE.

Apart from that, KPR institution has conducted Science and Math Quiz programme on \_\_\_\_\_

More than 200 students participated and received certificates. The school has received “The Most Promising School Award”.

School celebrated Yoga day through online. Our physical education department has conducted “**Fit India Week**” the entire students participated and benefited.

In Art integration programme, performing arts was screened through online and the entire parent community applauded the work of teachers and students.

Our campus always provides unlimited opportunities to the students to explore their inner talents. The entire internal assessment projects and activities are done through online and the students scanned their work and sent to their respective subject teachers. The authentic assessments were done and the parents sent a lot of appreciation mail to the principal.

PTM – Parents- Teachers meetings were successfully organized through online.

Late Bloomers – A special IEP (Individual Educational Programme) was conducted for them with the consensus of their parents.

Expo – Languages, Science, Social Science, Art and Math expo was organized, students shot their explanation with the working and non-working models and sent to their respective teachers.

Our computer department collected the entire class wise videos, uploaded in YouTube and the link was sent to the parents. The happy quotient of the students and parents was immeasurable.

Club Activities – The entire activities are integrated and organized through online to ensure that there is no learning gap due to corona.

CoE programme – The entire faculties are given opportunities to attend the right programme as per the CBSE guidelines.

In-house training programme – to motivate the faculties as per the need of the hour, webinars are conducted in regards to Art Integration, Experiential learning, revised pattern of question papers, Competency based learning, Pedagogy etc., PPTs were shared for their references.

Corona awareness – As per the guidance of CBSE, we have structured the Corona Awareness Programme for both the parents and students.
